No. 156
En: 2.

To.

The Chief Secretary
to the Government of Mysore

Sir

With reference to your letter No. F of the 24th January 1892 about the lands to be brought under wet cultivation under the new Boranakanive Tank in the Huliyar Sub Talúk, I have the honor to state as follows.

2. There are two Channels led from the tank viz the right and the left Channels.

3. In para 84 of his notes of inspection in 1891-92 the Dewan has ordered that the left Channel need only be traced up to the village of Marénadu. This has been sanctioned in the Public Works Department. With

regard to the right channel the orders of the Dewan are that it should be so aligned from the village of Ambarpoor as to Command the Kaveara valley to the North-west of Bullkapatna in the Sira Taluk. But the Executive Engineer says that the "Sections shew this to be so costly an undertaking that the project has neeessarily to be abandoned". It would, therefore, appear that this right channel will only be traced up to the said village of Ambarpoor.

4 The lands to be com-manded by both the channels are all in the Huliyar Sub Taluk and they are attached to 8 villages.

5. According to the Executive Engineer 3372 acres can be irrigated by both the channels. Excluding from this the area not fit for cultivation, there will remain 2524 acres. Of this an area of 1063 is in holding and the holders

thereof have agreed to convert it into wet.
Of the remaining extent of 1461 acres,
441 acres may be taken up by the
local ryots. There will then remain
1020 acres available for the persons
that can be imported.

6. I submit a detailed
statement for the above figures and
a plan shewing the lands in question.

I have the honor to be
Sir
Your Most obedient Servant
[signature]
Deputy Commissioner

1063 accepted
1461 unaccepted — 441 locally Wanted by Ryots
1020 for Coolies

Statement shewing the total extent of the lands that may be converted from dry to wet under the new Dorannaive tank in the Huliyar Sub Taluk, the area out of which is in occupation, the area likely to be taken up by local ryots, and the remainder for the cultivation of which arrangements may be made by importing ryots.

Notification

LR 9/91

Dt 15th March 1893.

— " —

8 W 4

It is hereby notified for general information that 1,178 acres and 7 guntas of unoccupied land as per annexed list below the recently constructed Boraukanave Reservior in the Huliyar Sub-Taluk will be sold by public auction at 11 a.m. on the 20th April 1893, on the spot by the Deputy Amildar of Huliyar.

2. The land will be knocked down to the highest bidder as without reserve.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of

the sale, and where the remainder of the purchase money may not be paid within 30 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit is not made or the remaining purchase money not paid, the lands shall be resold.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals; otherwise their bids may be rejected.

6. The sale of the land will not become absolute until it is confirmed by the Deputy Commissioner in cases where his

7 Purchasers will on payment in full of the purchase money be put in possession of the lands bought and the regis by thereof made in their names.
